

WORLDS FAIR OPENED TODAY

St. Louis Had Biggest Day in Her History.

The Weather Was Ideal and a Large
Crowd Attended the Inaugural
Ceremonies.

St. Louis, April 30.—The day was fair and the Louisiana Purchase Exposition opened at 9 o'clock without a break to mar the occasion. Just at noon, President Roosevelt at Washington touched the golden key, which set all in motion. Flags broke out on all the buildings, the machinery began to move, water rushed from the Grand Cascades, the Colorado of States became a mass of light, and a thousand fountains began to play, to the delight of 150,000 people, who entered the turnstiles. On the platform where the main exercises took place there were a dozen governors of different states, foreign dignitaries, President Francis, Secretary Taft and others. Rev. Frank G. Ainsworth of Chicago, delivered the invocation. Speeches were made by President Francis, Mayor Wells, of St. Louis, Secretary Taft, Representative James Tawney, and Edward Harriman, President of the New York State commission. After the formal exercises, the crowd dispersed to enjoy the exhibits.

In the shadow of the monument of St. Louis, after whom St. Louis was named, the officials and guests mounted the rostrum. President Francis introduced Rev. Frank W. Gunsaulus of Chicago, who offered the invocation. Then President Francis said in part:

"A great thinker has said: 'The sentiment from which it springs determines the dignity of any deed.' The universal exposition was conceived in a sense of obligation on the part of the people of the Louisiana purchase to give expression to their gratitude for the innumerable blessings that have flowed from a century of membership in the American union to manifest their appreciation of the manifold benefits of living in a land whose climate and soil and resources are unsurpassed, and of having their lots cast in an age when liberty and enlightenment are established on foundations broad and deep, and are the heritage of all who worthily strive.

"Discouragements were frequent enough, but were never disheartening, and are now all forgotten. We remember only the words of cheer and commendation, the patient consideration given to what was often looked upon as misdirected enthusiasm, but which was persisted in, and almost invariably converted indifference or skepticism into helpful and active interest. "The Louisiana Purchase Exposition held in commemoration of the acquisition of an empire by a deed of the pen salutes the representatives, executive and legislative, of the federal government and tenders most profound thanks for the recognition, extended and assistance rendered. It acknowledges obligation to states and territories and foreign countries for co-operation and contribution, and makes it obsequious to commissioners and exhibitors.

"Open ye gates. Swing ye portals. Enter herein ye sons of men, and behold the achievements of your race. Learn the lesson here taught and gather from it inspiration for still greater accomplishments."

At the conclusion of his address Mr. Francis received the keys of the exposition from Treasurer Thompson and Director of Works Taylor. The exhibit palaces were transferred next to director of exhibits Skiff and a chorus of 300 voices sang the "Hymn of the West."

Mayor Rolla Wells of St. Louis was next introduced and said:

"Twenty-eight years ago there was inaugurated in the city of Philadelphia, the Centennial exposition, in commemoration of the completion of the first century of our national existence. "Now, on this 50th day of April, 1904, we are assembled to commemorate the 100th anniversary of that historic achievement, the purchase of the Louisiana territory; and as evidence of greater maturity, we are celebrating as 80,000,000 of united Americans occupying 15 prosperous states and five territories. Among this number are the states which are located within the boundaries of the Louisiana Purchase, the chief city of which is the city of St. Louis, which I have the honor of representing on this memorable occasion.

"We had a most cordial welcome to all nations. We thank our national and state governments; we thank the ruler of foreign countries; we thank the individual exhibitors for the honor conferred upon our municipality through their participation in this exposition. Above all, we reverently acknowledge the kind favor of heaven which has smiled upon this, our great undertaking."

He was followed by Senator Thomas H. Carter, president of the national commission, Representative James A. Tawney and Edward H. Harriman, president of the New York State commission. After the band played the

"Star Spangled Banner," Secretary of War Taft, the representative of the President, was introduced, who spoke for about 30 minutes. The chorus sang "America." There was silence a few minutes, then came the rush and roar of machinery, the gush of water, the flash of lights, the cheers of the thousands and their dispersal to see exhibits.

COLUMBUS

STILL TO BE A STORM CENTER OF POLITICAL EVENTS

Though Legislature Has Adjourned—
Republicans to Force Another
Third Term on Party.

Columbus, O., April 30. The adjournment of the legislature threatens to leave Columbus even more emphatically than before the storm center of political events, news and gossip. Both the Republican and Democratic state conventions will be held within being now hardly more than two weeks distant. Not for a long time have the state conventions of the two great parties followed so closely upon one another.

The Republican convention will be a cut and dried affair with the exception of the contest over the nomination for justice of the supreme court to succeed Judge William T. Spear, who is himself a candidate for renomination. The other candidates are Judge M. A. Norris of Youngstown, Judge W. G. Shotwell of Cadiz, ex-Attorney General John H. Sheets of Columbus, Judge J. P. Bradbury of Pomeroy, and J. O. Troup of Bowling Green. Judge Sheets has a long pull with some of the Republican bosses but their support of him is not unanimous. The successful candidate will not be determined until the bosses agree among themselves.

The Republican Big Four was practically named long ago and will consist of Dick, Foraker, Herrick and Cox. This program will be faithfully carried out unless the friction between Foraker and Dick becomes unexpectedly warm enough to cause before the national convention for the explosion which may be confidently expected between them shortly after. The Republican platform will be framed and adopted on the same system that will prevail with regard to the other alleged deliberations of the convention. President Roosevelt will be endorsed in a solemn kind of way, with half of the delegates expecting his defeat. There will be an abundance of glittering generalities in the platform on national issues, a lame apology for the iniquities of the Seventy-sixth Assembly and a half-hearted endorsement of the administration of Governor Herrick who, in the common Republican belief, at present stands no chance of re-election.

The convention will take another determined step toward unpopularity by again committing the party to the doctrine of life tenure in office as illustrated by the third term idea. Secretary of State Laylin will be renominated for a third term, followed close on the heels of Auditor of State Guilbert's similar nomination one year ago. The Republican rank and file will set up a howl and enter a vigorous protest against this invitation to party suicide, but it will do no good. The bosses propose to reward Mr. Laylin for his personal services to them and there will be no appeal from their decision. The only opportunity Republicans will have to make an effective protest will be at the polls.

FEELINGS

Were So Wrought Up by Scenes of
Sadness That Woman Died
Soon After

Hornellsville, N. Y., April 30.—A peculiar case of death by sympathy took place in the city this morning. The victim was Mrs. Nathaniel Preston, the wife of a well known manufacturer. Last evening Mrs. Preston went to the house of a neighbor where there was a scene of sorrow that upon returning home, she lapsed into unconsciousness and in spite of all that could be done for her died this morning. The cause of death was ascribed to sympathy. The family is well known in western New York.

EXPLOSION

Of a Fifty Gallon Tank of Coffee In-
jures Four at the World's Fair
Grounds

St. Louis, April 30.—By an explosion of a 50-gallon tank of coffee at the Inside Inn at the World's Fair grounds this afternoon, four persons were seriously injured. Charles Goodrick will probably die. Had he not struck the victims, badly scalding them. Injured: E. N. Stalter, proprietor of Inn; Louis Rosedown, chef; Charles Goodrick, coffee boy; Alice Doyle, waitress.

MOSQUITOES TAKEN TO WORLD'S FAIR

Havana Scientist to Ex- periment With Pests.

To Ascertain if They Are Really Capable
of Propagating Yellow
Fever.

New Orleans, La., April 30.—Dr. Frederick Forralbas is here from Havana, with a wire cage full of mosquitos of the variety which it is claimed propagate yellow fever. He is taking them to the St. Louis Exposition, where they are to be used in experiments demonstrating the mosquito theory. The exhibit will renew itself and will be one of the interesting features of the health department. Dr. Forralbas believes that the results will be a general admission of the mosquito theory resulting in doing away with quarantines.

SHOT HIS WIFE AFTER A QUARREL

Fearful Crime of Alabama Mill Hand.

After Killing His Wife, the Crazed
Man Cut His Own Throat and
is Dead.

Huntsville, Ala., April 30.—Fleming Freeman, 45, mill hand employed by the Dallas Cotton mill shot his wife, after a violent quarrel Saturday morning. He shot her twice as she leaned over a bed to cover her infant. The woman ran out on a porch and fell down the steps. Freeman followed and almost severed her head with a keen edged knife. He then made a horrible gash in his own throat. Neighbors heard the shots and ran to the house to ascertain the cause. Freeman met them at the front gate with the blood gushing from his wound. He explained what he had done, staggered back to the body of his wife, cut his throat from ear to ear and fell dead beside his wife's body. Freeman was a victim of morphine and had been living apart from his wife.

ILLEGAL

ARE THE ACTS OF JUSTICES OF THE PEACE

Who Were Not Appointed by Trustees
or Council After April 16—Bad
Legal Tangle.

Columbus, O., April 30.—Unless justices of the peace of every township of the state have been reappointed by the township trustees, or city councils, their official acts since April 16 are void and illegal. The terms of office of Justice of the Peace expired April 16. If there had been a spring election, as heretofore, successors to the justices would have been elected. The Chapman law abolishing spring elections and provided for the appointment of successors to justices, but the requirements have not come to the attention of all the Squires and many have been doing business without authority.

Criminals who have been confined in jails or workhouses are held without authority, and the mix-up will involve perplexing questions that only can be settled by courts of law.

Individuals have been held to the guilt of crimes against the statutes and personal liberty involved. There is a suggestion that in some such cases the justices themselves may be held amenable to the criminal laws.

There are many able lawyers who hold that justices of the peace hold over until their successors are elected and qualified. It is said that the courts of Lima have decided just such a case. In this instance, the township trustees appointed a new man Justice of the Peace. The old incumbent refused to turn over the records. The matter was taken into court and it was held that the incumbent continued in office until January 1 of next year.

An effort will be made to get a test case into the courts and carry it through to the Supreme court for a final decision. Until that is done the situation is very much up in the air, and patrons of Justice Courts will not know what to do.

About ten thousand car loads of potatoes were shipped from Greeley, Colo., during last fall and winter to all the principal markets in the United States.

The New York Legislature will not consider a bill to put a tax on barbers, it.

WILL STRIKE

EIGHT THOUSAND MINERS TO QUIT WORK MONDAY

After a Conference Lasting Six Days
Difficulties in 5th Ohio District
Are Not Settled.

Wheeling, W. Va., April 30.—At the end of a conference extending over a period of six days the miners and operators of the Fifth Subdistrict of Ohio have been unable to reach an agreement, and President W. H. Werker of the miners, Friday night declared a strike to go in effect Monday, May 2.

The operators insisted that the miners on narrow machine work should work on a tonnage and yardage basis instead of on a straight tonnage basis, and further that the miners take up all bottom coal in wide work. The miners refused to accept the first-named proposition on the ground that it was equivalent to a ten-per-cent reduction. They were willing to waive all other demands for these two, but the operators would make no concessions, and the conference was declared off. Eight thousand miners will lay down their picks Monday.

EMPEROR

Of Germany Makes Remark About a
War, Which is Stirring Diplo-
matic Circles.

London, April 30.—The Times today prints the following telegram from its Paris correspondent: "Emperor William's remark of last night, that Germany would soon be at war, has caused a profound sensation here.

"Among politicians, who make a specialty of foreign questions, there is much excitement, and I heard seriously discussed today a possibility of war being forced upon France by Germany, at this critical juncture, when France's only ally in Europe is engaged elsewhere, and can be of no help to her. At the foreign office the emperor's outburst is criticized with greater philosophy. It is recognized to be a natural outcome of Germany's isolation, which is M. Delcassé's deliberate work, and to be in a sense the emperor's recognition of this isolation."

ARRESTED

BY PINCKERTON DETECTIVES IN
OWENSBORO, KENTUCKY,

Was a Man Supposed to Have Swin-
dled a Newark Firm in Last
December.

Chief of Police Sheridan received a letter from the chief of police of Evansville, Indiana, Saturday morning, stating that a man, believed to be the man who swindled the firm of Besanceney & Henneberg, of this city, out of a sum of money by a clever scheme, had been arrested and is now in jail at Owensboro, Ky.

It will be remembered that a man giving the name of John Thompson came to the store of Besanceney & Henneberg during December and ordered a large quantity of furniture. Thompson showed that he had rented a house from S. W. Warner, and stated that he intended to buy a considerable lot of new furniture. In payment for his purchases he gave a check which exceeded the amount of his indebtedness. He was given a check for the balance due him. This check he had cashed and immediately left Newark and had not been heard from until Chief Sheridan received the information from the Evansville chief of police.

The arrest was made by Pinkerton detectives through the efforts of the Bankers' Association of America.

It is possible that the man in Owensboro is not the Thompson who swindled Besanceney & Henneberg, and it is not probable that the Newark firm will go to the expense of prosecuting him.

BRYAN'S FRIEND

Is Openly Supporting the Candidacy of
Parker of New York.

Kansas City, Mo., April 30.—J. L. Woods Merrill of this city, the personal friend and campaign manager brother of Wm. J. Bryan in 1900, is working hard in this section for Judge Parker. Mr. Merrill advocates the nomination of Parker for President and either Cokerill, of Missouri, or John Sharp Williams, of Mississippi for Vice President.

"The time has come to unite the South and the North," he said. "People have recognized that the great men of the South are entitled to sit in the White House as much as Northern men. I am for the independent, A Southern Democrat for the South and West, and a New York Democrat for the North and East. Four years ago I was for Bryan. We need harmony now. Mr. Parker and Mr. Williams could bring

Fast Passenger Bound to St. Louis Ditched

At Kimmiswik, Mo., 20 Miles South of
the World's Fair City Saturday
Morning.

Kimmiswik, Mo., April 30.—Iren Mountain train No. 16, a fast passenger from Hot Springs, northbound, due in St. Louis at 7:35 o'clock this morning, was ditched near here and six passenger coaches were overturned. Kimmiswik is twenty miles south of St. Louis. Five persons were killed outright, and ten were fatally hurt, while 15 sustained minor injuries.

Among the dead are Engineer Bailey, Master Mechanic Tabor, and the mail clerk of the train. The train was in charge of Conductor John Austin, who is reported to have escaped with minor injuries.

NEW YORK POLICE ARE ACTIVE

In Attempt to Apprehend Embezzler.

Dr. Woodend's Defalcations Are Now
Said to be Nearly Half a Million
Dollars.

New York, April 30.—All the machinery of the police department is in operation today in the endeavor to apprehend Dr. Wm. E. Woodend, broker, club man and horseman, who has fled the city, leaving behind him debts that may aggregate \$500,000, money which had been entrusted to him by his clients. The whereabouts of Woodend is as much of a mystery today as yesterday, when it was discovered by the police that he had flown. There are rumors that he is in New Jersey, while other reports say he is hiding in Canada. Mrs. Woodend, wife of the missing broker, when asked by the police where her husband was, said: "I do not know where Dr. Woodend is. He is ill and left home by the advice of his physicians."

A conservative estimate places the amount which Woodend owes at \$500,000, but until all the branch offices in the various cities are heard from, it is impossible to state the exact sum of Woodend's obligations. It is expected that an assignment of the Woodend firm will be filed with the consolidated stock exchange today.

MANGLED

IN TERRIBLE MANNER BUT DIS- PLAYED GREAT NERVE.

Brakeman on Pen Handle Met With
an Awful Accident at Marietta
on Friday.

Marietta, O., April 30.—William G. Todd, of this city, aged 29 years, a brakeman on the local freight train of the Pennsylvania railroad company was probably fatally injured here Friday morning. Todd fell from his car and was horribly crushed and mutilated. His right foot was nearly cut off, his nose broken and his right arm was mangled so as to necessitate amputation.

The injured man showed wonderful nerve. He never lost consciousness, but held his injured arm tightly with his other hand to check the bleeding, and coolly directed the ambulance driver where to take him. His injuries are very serious and it is feared he will die.

BRANNOCK BILL

To be Passed Upon by Supreme Court
at Request of Both Liquor and
Temperance Interests.

Columbus, O., April 30.—Upon the request of both the liquor interests and the anti-liquor league, City Solicitor Butler will at once bring a suit to test the constitutionality of the Brannock law, and clear up all the doubtful provisions. The purpose is to have the law passed upon by the Supreme Court before the expenses for elections are incurred.

WOMAN SUICIDES

Helen Dugan, a Despondent Domestic,
Aged 10, Drowns Herself at
Cambridge.

Cambridge, O., April 30.—After being missing for the night before while on a visit to her room at Berlin Hotel, the body of Helen Dugan was found in the creek near that place Friday morning. It is generally supposed to be a case of suicide. Miss Dugan was about 10 years of age and

had been in ill health of late. For the past four years she had been employed as domestic in the families of Morton C. Campbell and C. F. Campbell of this place. About two weeks ago she was taken very ill at the former place with an attack of heart trouble. It is thought by many she became despondent over her illness, and took that way of ending it all.

BIG FOUR

WHOM THE DEMOCRATS WILL
SEND TO ST. LOUIS.

Names of Prominent Democrats Being
Considered—Webster P. Huntington
to for Secretary of State.

Columbus, April 30.—The principal interest of the year is rapidly centering around the Democratic state convention. The first candidate for delegate at large to announce himself is General E. B. Finley of Bucyrus, who never requires an introduction to Ohio Democrats. Crawford county will present General Finley's name and his friends assert that he already has a large following throughout the state. It was understood that Hon. John C. Welty of Canton would be a candidate for delegate at large, but he has been announced as a candidate for district delegate. Either John L. Zimmerman or W. E. Thomas of Springfield would doubtless be able to command more than a majority of votes in the convention as one of the Big Four, according as Clark county might determine. The other probabilities for delegate-at-large stand substantially as formerly indicated in this correspondence and include the names of Hon. Walter E. Ritchie of Lima, Ex-Mayor Edward H. Moore of Youngstown, Hon. John A. McMahon of Dayton, Hon. Horace L. Chapman of Jackson, Hon. M. A. Daugherty of Lancaster, and Lawrence T. Neal of Chillicothe.

It now seems probable that the Democratic convention will nominate Webster P. Huntington of Columbus for secretary of state without opposition. Thus far no other candidate has been mentioned and with the assurances of support Mr. Huntington has received there is a fair probability that none will be. Mr. Huntington's boom was formally launched by the endorsement given him in the Democratic convention of the Seventh congressional district, including the counties of Clark, Madison, Miami, Pickaway and Fayette. It is said that this action was due to the necessary postponement of an endorsement in Franklin county, his home, in which the primaries will be held late this year on account of the operations of the new Hynes election law. Mr. Huntington's name will be presented to the convention by Colonel W. A. Taylor of Columbus, the veteran politician, author and journalist who himself came within a few votes of carrying the state in 1892 as candidate for secretary of state, at which time President Cleveland received one of Ohio's electoral votes. It is asserted by Mr. Huntington's friends here that his assurances of support include substantially all of the leaders in the important counties, such as Hamilton, Lucas, Montgomery, Butler, Allen, Auglaize, Summit, Darke, Stark and all the Central Ohio counties.

Director Innis was thrown out, and the constitutionality of the Brannock law, and clear up all the doubtful provisions. The purpose is to have the law passed upon by the Supreme Court before the expenses for elections are incurred.

HEAVY FIGHTING ALONG THE YALU

Japanese Attack Russian Position With Success

Many Russian Officers Killed by the
Enemy's Sharpshooters—Report
Received in Washington.

St. Petersburg, April 30.—A heavy engagement on the Yalu is reported. Sixteen thousand Japanese crossed on Thursday and attacked 30,000 Russians who were strongly fortified. It is rumored this morning that the Japanese were re-inforced and that the battle continues. The Japanese sharpshooters killed many Russian officers, whose uniforms were conspicuous.

JAPANESE TROOPS SIGHTED.

St. Petersburg, April 30.—General Kuropatkin, under today's date telegraphed as follows: Gen. Sasulitch reports that the night of April 28-29 passed quietly. On April 28th at about 2 o'clock in the afternoon, Japanese columns were seen going from Yonkampe toward Wi-Ji, and a party of Japanese scouts were seen on the mountain to the southward of Sinda-Ju. The Japanese have not yet undertaken any active operations.

SOCIALISTS

Are Gathering in Chicago Today for
Their Convention—Demands of
Proposed Platform

Chicago, April 30.—Delegates from all parts of the country to the national socialists' convention are arriving in the city today, ready for the meeting which begins Sunday morning at Brand's hall. The advocates of socialism do not intend to rely on the "capitalistic" press for reports to the convention so they propose to have a paper of their own next week.

Who is to be the nominee for president of the United States is not giving the socialists much trouble. Eugene V. Debs will in all probability be the man who will be asked to carry the socialist standard.

There will be 225 delegates in the convention. The issues are "immediate demands" and "revolutionary socialism." Immediate demands" means a platform for the guidance of such candidates as may be elected. "Revolutionary socialism" is the platform on which the uncompromising revolutionary socialist must stand. It means the complete overthrow of the capitalist system.

WHITNEY HOME

Brings Largest Price Ever Paid for a
Piece of Property, Probably in
World's History

New York, April 30.—The magnificent residence of the late Wm. C. Whitney has been sold to James Henry Smith, one of New York's multimillionaires, for more than 20 million dollars. The price paid for it is thought to be far below the actual value, but even at that, it is the highest sum ever paid for a piece of property in this country, and probably in the world. In many ways the Whitney home is the most noted in New York. Mr. Smith fell heir to \$50,000,000 from his uncle some years ago.

The bill to put a tax of \$5 on the coffin and \$4 on the shroud as a part of the funeral expenses, introduced in the late Republican General Assembly failed to pass. Every thing else was caught in the Republican drag net of taxation. They had to have the revenue to meet the big deficit caused by the reckless extravagance of the "splendid majority."

It is said that Governor Herrick is feeling very sore since the adjournment of the legislature. His disappointment over the election of General Dick as United States Senator has been intensified by his experience with the state's relations. It is a matter of common remark in many places that the governor seems to feel conscious of loss of prestige and it is predicted that talk of his retirement at the expiration of his present term will be no rarity in the near future.

JAMES A. BAILEY.

General manager of the Barnum & Bailey Greatest Show on Earth. Pronounced by competent critics, the greatest showman of the age.

"Little Bo-Peep" which was presented to a crowded house last night at the Auditorium by 200 school pupils, assisted by the best local talent, was given as a matinee this afternoon.

COMING AROUSES INTEREST.

The coming of Gutter & Williams' stock company to the Auditorium has aroused more than usual interest and there is no doubt but what they will be greeted with crowded houses all of next week during their stay here. Six high-class vaudeville acts will be introduced during intermissions of "A Man of Mystery," on Monday evening and an entire change of specialties each night thereafter. To introduce the attraction it has been decided to admit ladies free on the opening night when accompanied by the purchaser of a 20 cents seat. During the week the prices will remain the same—10c, 20c, and 30c.

RINGLING'S CIRCUS.

A band of 50 musicians accompanied by the largest portable organ ever built, furnish the music for the gorgeous spectacle. Jerusalem and the Crusades, which Ringling Brothers present as the opening feature of their World's Greatest Shows this season. Prof. Ganwell, the conductor is a soloist of international reputation, and his supplied the excellent music which has always characterized the Ringling Brothers' great circus exhibitions. At Newark, Saturday May 7.

Barnum & Bailey.
Barnum & Bailey's great show comes to Newark on May 31.

EGYPTA AGAIN.

Mr. Cheney writes the local committee having in charge the production of this splendid sacred opera that he will bring with him a carload of special Egyptian scenery. This with the electrical effects will make the staging of Egypt especially attractive. One illusion is that of the "Pillar of Fire" leading the Hebrews through the wilderness. Another is that of rippling water flowing between the banks of the Nile, with the shadows of the grim old Sphinx and lofty pyramids. The "Vision of the Sphinx" is possibly one of the most impressive. Many of the children who so well rendered the general choruses of "Little Bo-Peep" under the splendid direction of Prof. Yearley last evening will sing in the festival choruses of Egypt. As a May Festival Egypta promises to be most popular.

Deafness Cannot be Cured.

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by restoring the hearing nerve to its normal condition. The hearing nerve is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a running sound or imperfect hearing and when it is perfectly closed deafness is the result, and unless the inflammation can be taken out and the tube restored to its normal condition, hearing will be lost forever. Nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surface. We will give you \$100.00 for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circular, free.

BO-PEEP

OPERETTA GIVEN TO PACKED HOUSE FRIDAY NIGHT.

The Performance Given by School Pupils Under Prof. Yearley Was a Great Success.

Little Bo-Peep, the pastoral operetta given Friday night by the public school pupils, assisted by local talent, surpassed in point of excellence the wildest expectations of the public. The cast of characters:

Little Bo-Peep, the shepherdess who is always in luck, Hazel Winans. Nettletoe, a damsel who finds it "harder to laugh than to be sighing," Eva Francis.

Lady Lea, the "gay lady" of the Castle, Bertha Penney. Mistress Mary, the mistress of the Farm, Helen Barnes.

Jill, the milk with the milking pail, Ruth Henderson.

Cockle Shell and Silver Bell, "fair maids" who wait upon Mistress Mary, Verna Harding and Sue Taafel. Happy Alice, who wants everybody to "come out and play," Genevieve Johnson.

First Peasant Lass, Emily Hamilton. Boy Blue, the cowherd, always in mischief, generally in disgrace, Paul Russell.

Tuffy, the cook, fiery, like the elements over which he presides, Marce Weber.

Tom, the Piper's Son, interested in pies, Charles Satterfield.

First Peasant Lad, George Gaundier. Washer-Washee, the Chinaman, "Al" Lee sameer volly good laugh, hi, hi, Carl Reynard.

Samba and Quirbo, Two Little Cows, James Pearson, Hugh Klesner. This cast of characters could not have been better chosen, and without exception, both singing and acting were most excellent. The chorus work was fine, and Mr. Yearley may well be proud. The scenic effects were good, and there was nothing left to be desired. Miss Glenn, as accompanist, was a very important factor. There has never been seen a larger audience in the Auditorium, nor one better satisfied. The program will be repeated this evening.

FELL FROM ENGINE

And the Lifeless Body of Passenger Fireman Charles
W. Focht Was Found by His Engineer Lying
Alongside the Track Saturday Morning.

Mr. Charles W. Focht, one of the
best known and most popular passen-
ger firemen on the B. & O. railroad,
was almost instantly killed about 1
o'clock Saturday morning by falling
from his engine, near New Haven, on
the Lake Erie division. Through pas-
senger train from Chicago due in New-
ark at 6:05 a. m., with Engineer Mich-
ael Healey at the throttle and Charles
W. Focht as fireman, was coming east
as a double header. Shortly after the
train left New Haven, Engineer Healey
missed his fireman from his accus-
tomed place in the engine, and at the
first stop, uncoupled one of the engines
from the train and went back in search

of him. The lifeless body of the fire-
man was found lying alongside the
track, near New Haven. The body
was picked up and brought to this city
on train No. 16.

The deceased was a young man who
was well known by nearly everybody
in the city, and was held in the high-
est esteem by all. He had been in ser-
vice on the B. & O. railroad for about
three years. He leaves a young wife,
who lives on Lawrence street, this city,
to mourn his death. She has the sym-
pathy of the entire community in her
great affliction. At this writing no ar-
rangements have been made for the
funeral.

BASEBALL SEASON OPENS

At Idlewild Park Tomorrow, When the Unions of
Columbus Play There--All the Pitchers to be Given
Workout--Wrestling Tonight--Sports.

From present indications Newark
will have a most auspicious opening
of the baseball season tomorrow, May
1, when the Idlewild team will play
one of the strongest teams in Colum-
bus on the grounds at Idlewild park.
Never in the history of the great na-
tional game in Newark, has there been
keener interest than at present, and
the hundreds of enthusiasts are eagerly
awaiting the opportunity to see ex-
hibitions of their favorite out of door
sport.

For years baseball in Newark was
dead and until last June this city was
not on the baseball map of Ohio. On
Sundays every train to Columbus or
Zanesville carried its quota of baseball
fans to witness games in those cities,
but through the efforts of several
Newark men, with the hearty co-op-
eration of Manager Harrigan of the C.
B. & N. and Manager Will D. Har-
ris of Idlewild park, all this was
changed, and before the season was
over large crowds were furnished the
best of baseball right here at home, as
it should be. The team that represent-
ed the city was very successful under
the management of W. F. Driscoll, a
well equipped baseball man, and hun-
dreds of loyal fans took great interest
in its career.

Again this season there is to be a
team at Idlewild, that looks to have
remarkable playing strength, and
there is no good reason why the sea-
son should not be a great success from
a playing and financial standpoint.

The best of baseball will be given
and the public should support the team
which will undoubtedly be the case.

Manager Driscoll has gotten togeth-
er a strong, well balanced team, as it
appears to us, and while we do not be-
lieve in making claims before a game
has been played, we feel confident that
the team will be able to hold its own
with any of the same class in Ohio.

The game on Sunday will be called
at 3 o'clock, and everyone who can
should attend to make the season's op-
ening a success in every particular.

Friday's Baseball Scores.

Friday's baseball games resulted as
follows:

National League	
At St. Louis:	R. H. E.
St. Louis	3 7 0

Batteries, McFarland and Myers;	
Harper and Scholz;	
At New York:	R. H. E.
New York	2 6 1
Boston	1 6 2

Boston	4 5 0
Washington	2 5 2
At Detroit:	R. H. E.
Chicago	6 12 0
Detroit	4 9 1
Batteries, Mullin and Woods; Owen	
and Sullivan.	

American Association.

Toledo 4, Kansas City 3.	
Indianapolis 4, St. Paul 6.	
Columbus 9, Milwaukee 5.	

Idlewild Team's Schedule.

The Idlewild team will open the
season Sunday and for eight consecu-
tive days thereafter will play ball each
day. On Monday Manager Driscoll
will take the team to Mt. Vernon to
open the season there playing also on
Tuesday and Wednesday. On Thurs-
day, Denison plays at Idlewild, on Fri-
day and Saturday the team plays at
Cohocton, returning to Newark on
Sunday for a game with a crack team
from Dayton.

Baseball Special.

The Unions in Charge of Manager
James, will come to Newark Sunday in
a special Buckeye Land car, for the op-
ening game of the Newark baseball
season, to be played at Idlewild park
at 3 p. m. There will be a number of
fans from Columbus also accompany-
ing the team.

Sunday's Line Up

The Newark team will present the
following line up, but the batting or-
der has not yet been decided upon:

Hedges' c, Rich 1b, Flick 2b, Burch ss,
Poole 3b, Scott lf, McAllister cf, Fran-
cis rf, Mason p, Stone p, Snyder p.

It has been decided to let the three
pitchers each take a turn in the box,
so that a line can be gotten on the
work of the twirlers, who are said to
be in the best of condition.

Mell Kinsey has been selected to
umpire the opening game.

Denison to Play Here.

On next Thursday the Denison uni-
versity team will play the Idlewild
club on the latter's grounds, and ar-
rangements have been made to accom-
modate a big crowd of college rooters,
who are going to come with their team.
Denison this year has a strong team
and will make the best of them "go
some."

Ball Game Tomorrow.

The Rutledge ball team will play the
East Newark team in East Newark on
Sunday at 9 o'clock.

TONIGHT

Newhardt Will Meet Gugel in a Cham-
pionship Wrestling Match at the
Music Hall.

Jack Newhardt, the local wrestler,
has put on the finishing touches to his
training, and will go on the mat to-
night, with C. F. Gugel of Columbus,
in the very pink of condition. He has
been devoting himself to perfecting a
style of defense to be used against Gu-
gel's best efforts, and the Newark man
is confident of being returned winner.

Gugel came from Columbus this af-
ternoon and the two men met and had
a pleasant conversation concerning the
match tonight at the Music Hall. The
Columbus man, like his opponent, is
trained to the hour, and looks fit and
well to wrestle for his very life.

The main bout tonight will be called
at 8:30 o'clock, and the prices of admis-
sion have been placed at 25, 50 and 75
cents.

From the advance sale of seats there
will be a good attendance at the match
tonight, and those who go may be sure
that they will see some most excellent
wrestling.

FIRST CINCINNATI EXCURSION.

On Sunday, May 1, the B. & O. R. R.
will sell excursion tickets Newark to
Cincinnati. Fare for the round trip,
\$2.50. Special train will leave Newark
at 5:35 a. m., returning, will leave Cin-
cinnati at 7 p. m.

MORE FACTORY ROOM NEEDED

Utica, O., April 29.—The manage-
ment of the local glass factory has decided
to construct a third flattening oven
during the coming summer shut-
down. The two ovens now in use are
not sufficient to take care of the out-
put and it has been necessary to cease
blowing several days the past few
weeks, until the "rollers" could be
worked out.

Eruptions

Dry, moist, scaly tetter, all forms
of eczema or salt rheum, pimples
and other cutaneous eruptions pro-
ceed from humors, either inherited,
or acquired through defective di-
gestion and assimilation.

To treat these eruptions with
drying medicines is dangerous.

The thing to do is to take

Hood's Sarsaparilla and Pills

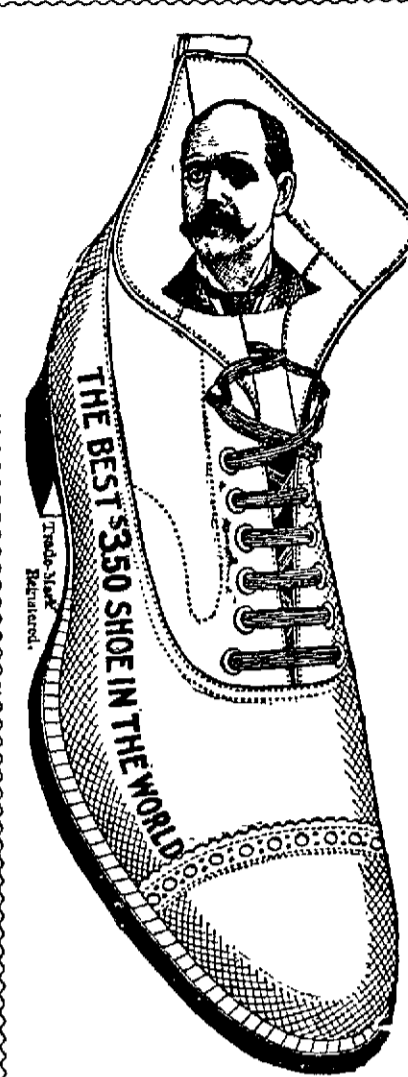

Which thoroughly cleanse the blood,
expelling all humors and building
up the whole system. They cure

Hood's Sarsaparilla permanently cured J.
G. Hines, Franks, Ill., of eczema, from which
he had suffered for some time; and Miss
Arlina Wolter, Box 212, Algona, Wis., of pim-
ples on her face and back and itched skin on
her body, by which she had been greatly
troubled. There are more testimonials in
favor of Hood's than can be published.

Hood's Sarsaparilla promises to
cure and keeps the promise.

SOCIETY EVENTS OF THE WEEK.

Miss Mary Haight is entertaining her Sunday School class this afternoon at her home on West Church street.

Miss Hazel Althoff entertained the members of her cooking club on Saturday afternoon at home on Hudson avenue. Supper was served at six.

Among the chaperones attending the dance at Assembly Hall last week was the name of Mrs. W. H. Davis. It should have been Mrs. Thomas Davis instead.

A six o'clock supper was enjoyed by the members of the Mothers' Society of Trinity church on Tuesday evening in the Parish House. The tables were presided over by Mrs. Robbins Hunter, Miss Roche, Miss Ruth Speer, who were assisted in serving by the members of the Altar Guild.

Prominent among the pleasant social affairs of the week was a delightful surprise given Mrs. Dallas B. Hunt by a number of her friends Tuesday evening at her cosy new home on Ash street. The occasion was Mrs. Hunt's birthday anniversary and was celebrated in a royal manner. A sumptuous dinner was served and a delightful time spent by all. Mrs. Hunt was the recipient of several beautiful presents by her friends. Those present were Mr. and Mrs. Harrison Palmer, Mr. and Mrs. Tom

The Whatsoever Circle of the King's Daughters are entertaining the Helping Hands this afternoon at the home of Mrs. George Webb. On Tuesday afternoon Mr. Benjamin Hazleton was presented with a beautiful Morris choir by his friends and co-workers from the E. H. Everett glass works. Mr. Herbert Griffin, in a few fitting words, expressed the friendship and respect of the donors and closed with the wish that this token of good will might afford Mr. Hazleton many hours of comfort in his declining years. Mr. Hazleton, too much impressed for many words, expressed his thanks in a simple but effective manner. The committee then withdrew, leaving him in pleasant contemplation of their esteem and generosity.

One of the many social events of the past week was a birthday party held at the home of Emerson and Muriel Hockley at their home on Gay street in honor of their birthday anniversary. Alexandria brethren to the number of fifteen were in attendance, paying White Cross a visit and taking lessons in putting on the Knight rank in the amplified form, it being the intention to "organize a full team in their lodge in the near future. No other team in Central Ohio can put the work on quite so well as White Cross and the effort Thursday evening was no exception to the general rule of excellence. Fred Tippy proved himself worthy to wear the golden spur and received the honors of Knighthood. The Page rank was also conferred on one candidate. Of equal pleasure with the work was the social session and banquet that followed the conferring of the degrees. There are no better fellows than the Alexandria Knights, and their visits are always especially welcome to White Cross, the local lodge having had the honor of instituting their lodge.—Johnstown Independent.

MAKES Rich Red Blood

Whiskey and Beer Habit

PERMANENTLY CURED BY "ORRINE,"

ABSOLUTELY SAFE, SURE AND HARMLESS.

Physicians pronounce drunkenness a disease of the nervous system, creating a morbid craving for a stimulant. Continued indulgence in whiskey, beer or wine eats away the stomach lining and supplies the digestive organs, thus destroying the digestion and ruining the health. No "will power" can heal the inflamed stomach membranes. "ORRINE" permanently removes the craving for liquor by acting directly on the affected nerves, restoring the stomach and digestive organs to normal conditions, improving the appetite and restoring the health. Can be given secretly if desired.

Cure Effected or Money Refunded.

Ask your druggist what he thinks of ORRINE; he will indorse our statements as truthful in every respect. If ORRINE fails to cure we will refund you every penny paid for it as cheerfully as we took it.

No Sanitarium Treatment or Publicity!

No Absence from home or loss of time!

Mothers, wives and sisters, you cannot cure those who are afflicted with this most terrible of all diseases by your fervent prayers, or eyes red with tears, nor by your hope that they may stop drinking. It can be done only with ORRINE. You have the remedy—will you use it? If you desire to cure without the knowledge of the patient, buy ORRINE No. 1. If the patient desires to be cured of his own free will, buy ORRINE No. 2. Full directions found in each package. Price \$1 per box.

We will gladly furnish a treatment free of cost to any physician to demonstrate that Orrine is a positive specific for drunkenness.

SAMPLES OF GOLD

Taken from the Licking Field, Were Sent to United States Assay Office and Showed Nearly a Thousand Dollars per Ton--Field to be Developed.

The very satisfactory report from the sample of dirt sent from the Licking county gold mine to Professor Lord at the Ohio State University, Columbus, created a very mild impression among the men interested in the property compared with the report of the same assay just received from the United States government assay office at Charlotte, North Carolina.

A pound and a half of the black iron sand was sent a few days ago to Jeweler E. J. Miller of Columbus by Mr. George W. Slatter, one of the men interested in the development of the project here. Mr. Miller first saw that all the free gold was removed and he then forwarded the sand to the United States Assay office in North Carolina. When Mr. Slatter left Columbus a day or two ago he called upon Mr. Miller and asked him to telephone to Newark the report of the analysis as soon as it was received. The report came Friday but Mr. Miller would not trust the figures to the wires but jumped upon an interurban car and came to Newark at once driving to the field three miles southeast of Newark, where both Messrs. J. E. Stinger and G. W. Slatter were at work superintending the excavating that is going on.

"Boys, it's here and in large lots," was the way Miller greeted his friends. Then after keeping them guessing for a minute or two, Mr. Miller drew out the little slip of paper which he had received from Assayer Pope and held it before their eyes.

Slatter, the Klondyker, took a look, then looked again. He was at first inclined to believe that somebody was playing a joke upon him but when he read that the report was genuine and that the assay showed that the sand to be worth \$750.00 per ton he almost went off his feet.

Speaking of the matter to the writer later Mr. Slatter said that it made a better showing than most of the sand in Alaska and "there is plenty of the sand, too," he added.

With that significant remark the experienced miner drew from his pocket a huge gold nugget he had brought home with him from Alaska and with it was a little paper filled with about an ounce of pure gold which he had just panned out of the dirt in Licking county. "This big piece is Alaskan gold," said Mr. Slatter, "but it's no better than this gold you see here," pointing to the Licking county product. "I have prospected along the little stream here for a mile and a half," said Mr. Slatter "and I have found the gold almost everywhere. The sand we took from this field and sent to the government assay office was a fair sample of the sand in this territory and there is more of it than most people think."

"We are down now about 30 feet with the shaft on its way to bed rock. Here is a sample of the rock taken out today," and with that Mr. Slatter showed a piece of rock which under a glass could be seen to be full of gold particles.

On Saturday another box of the dirt was taken from the territory which these men will develop was sent by express to Mr. Frank B. Eldridge, superintendent of the Etowah Gold Mining company, at Auraria Georgia. Mr. Eldridge, a former student at

Granville, and also at the Columbus State university, is a practical gold man and he will make a careful examination of the dirt sent to him. The sample sent to the government office was black sand with free gold removed but the dirt sent to Mr. Eldridge was just as it comes from the ground without selection.

Here is an exact copy of the official report received:

CERTIFICATE OF ORE ASSAY.

Assay office of the United States at Charlotte, N. C.

Specimen of ore deposited at this institution by E. J. Miller, 252 North High street, Columbus, Ohio, the 26th day of April 1904, for assay.

Assay No. 261.

Description—Sand.

Oz. fine metal—Gold—silver 46.533-617.

Value per Ton—Gold—silver \$750.00—\$7.50.

Total—\$976.02.

Lead—None Copper—None.

(Signed) D. K. POPE, Assayer in charge.

Messrs. Stinger and Slatter say there is now no doubt that the development of the mine will follow. They have proceeded far enough with the prospecting to convince them that gold is here in paying quantities and they are going after all of the precious metal that lies in the 300 acres of land which they have leased.

As before stated, Mr. Stinger has sold his store to devote his whole time to the enterprise and Mr. Slatter is here every day superintending the work. Many people are visiting the ground every day and a number of skeptics have gone away satisfied after they have personally witnessed the panning of gold and have seen the progress made.

It has been known here for years that Licking county had some gold but nobody thought it was in quantity sufficient to pay for mining. Stinger and Slatter think otherwise and the reports thus far received from various authorities are confirming their conviction.

Robbed the Grave.

A startling incident is narrated by John Oliver of Philadelphia, as follows: "I was in an awful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite, growing weaker day by day. Three physicians had given me up. Then I was advised to use Electric Bitters; to my great joy the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they robbed the grave of another victim." No one should fail to try them. Only 50 cents, guaranteed, at Hall's drug store.

CONCERT

At Taylor Hall Friday Night Has Never Been Surpassed in Newark as a Musical Treat.

It was unfortunate that the concert given by Miss Marie Nichols, violinist, and Miss Amy McDowell, pianist, fell upon an evening when so much local interest was centered in the production by the school children of Little Bo-Peep. A more satisfactory musical event has scarcely ever been enjoyed in Newark. All who had read the encomiums of Miss Nichols were expecting much, but every word of praise was fully realized. A number of her selections were familiar to her audience, but they have never been better played here, and it is almost safe to say have scarcely been equaled. Her technique is simply perfect. She plays the most difficult passages with ease, and her tones at all times are exquisitely pure and clear. At times her power is simply marvellous. It was in the Mendelssohn Concerto that her thorough mastery of her violin was most convincingly displayed. She was accompanied by Miss Annie Louise Berry who supported her work admirably, her playing being sympathetic as well as clean and accurate.

Miss Amy McDowell gives promise of a future of note. She is very young, but evinces the possession of much talent. "The Bower" from "Trilch Suite" by Bach was her most satisfactory number and it was played with a vigor and finish highly praiseworthy. Both the artists responded cordially to the echoes of their enthusiastic audience.

GRANVILLE

Reading of "Enoch Arden" by Miss Eckert, Assisted by Miss Ellen Ransom.

Granville, O., April 30—On Friday evening Miss Eckert, the gymnasium and elocution instructor at Shepardson college, gave a reading of "Enoch Arden," assisted by Miss Ellen Ransom, under the auspices of the Social Culture club, in Recital hall. The poem was read in a manner most pleasing and in a sympathetic voice, and the interpretation of the beautiful lines was especially good. As Miss Eckert read, Miss Ransom played on the piano the moods suitable to that part of the poem, and rendered them in a very artistic and delightful manner. Altogether the recital was a great success and was very much enjoyed by all who were present.

The literary societies of Denison did not meet on Friday evening on account of the recital given by Misses Eckert and Ransom.

HOW WOULD YOU LIKE TO BE JOHN?

Bobby—Ah! The Sunday papers! I'll take the comic sheet and keep it all to my self, you kids can't see it at all

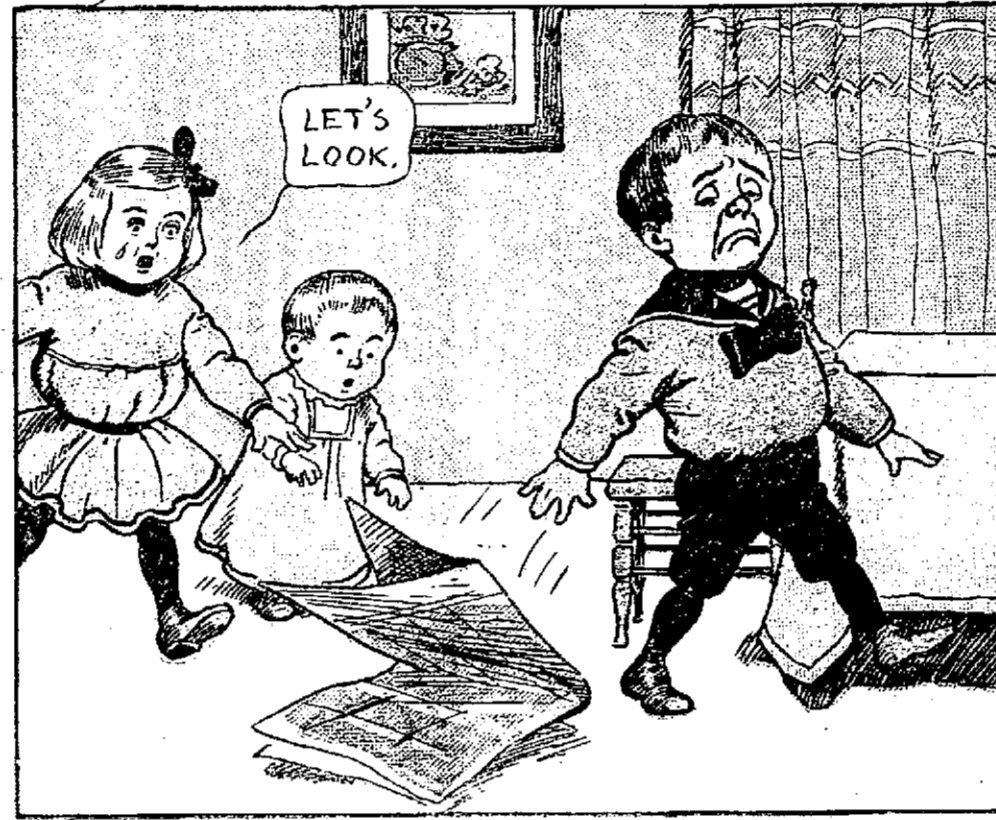

Bobby—Ha! Ha! Here's Simon Simple! Oh, if you kids could only see it you'd have a good laugh!

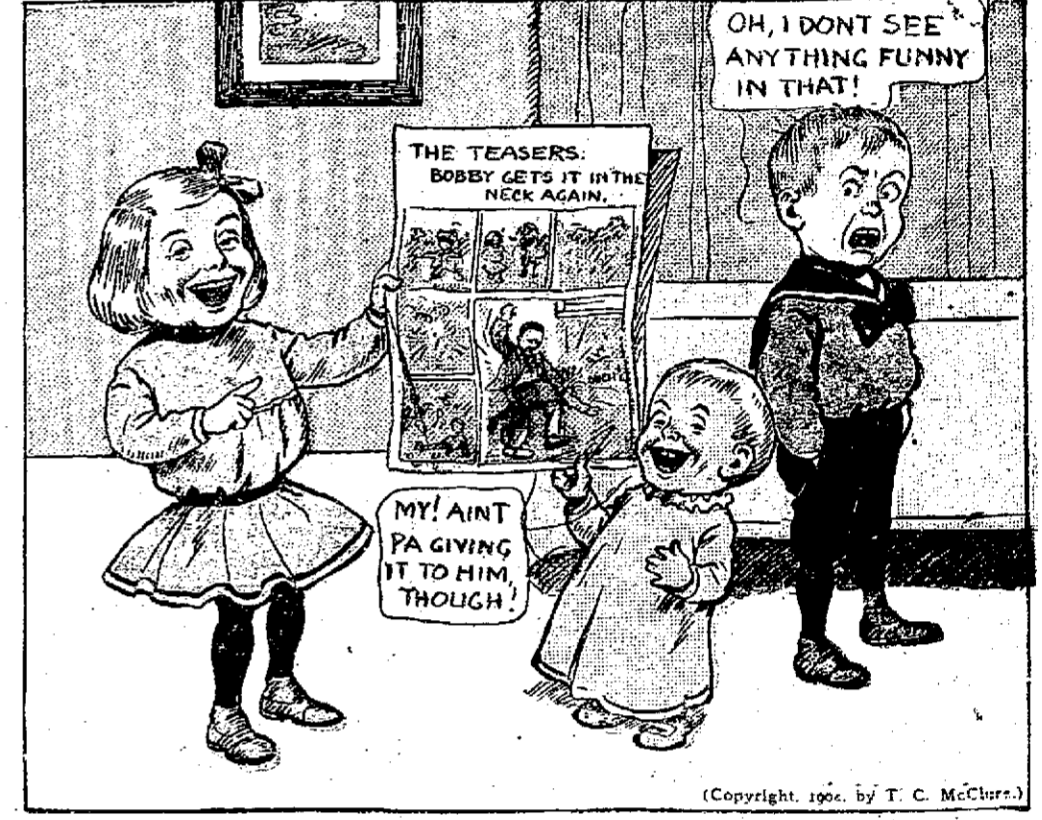

Bobby—Ho! Ho! Ho! And here's Spiegleburger! It's as funny as a circus.

Bobby—Ho! Ho! Ha! Ha! Ha! Ha! And Billy Bounce, too! Oh, my! I'll split laughing in a minute. Don't you wish you could see it?

Bobby—What's this? What's this? Aw, I don't see anything in that! These comic papers are all trash.

Marjorie—Ha! Ha! Ha! This is the funniest thing I ever saw! Here's a picture of Bobby getting spanked!
